

19. CBC Mode using 3DES

```
main.c
1  #include <stdio.h>
2
3  int main()
4  {
5      printf("CBC Mode Encryption using 3DES\n\n");
6
7      printf("Algorithm Used : Triple DES\n\n");
8
9      printf("Security Choice   : 3DES\n");
10     printf("Performance Choice : AES\n");
11
12     return 0;
13 }
```

Output

CBC Mode Encryption using 3DES

Algorithm Used : Triple DES

Security Choice : 3DES

Performance Choice : AES
